

## Cable Management

by Scott Newirth | Aug 1, 2015 | Cultural Heritage News

One of the jobs I do with Digital Transitions is install RG3040 and RGC180's. I take pride in setting up a system impeccably and leaving our clients ready to get to work. Like all of us at DTDCH, I'm always looking ways to improve our services and products in big and...

## The Beauty of Auto Crop – Duke University

by Doug Peterson | Jul 31, 2015 | Capture One CH, Cultural Heritage News

From the blog of our customer Duke University Libraries: "One of the most tedious and time-consuming tasks we do in the Digital Production Center is cropping and straightening still image files. Hired students spend hours sitting at our computers, meticulously..."

## Film Scanning Webinar Recording Now Available

by Doug Peterson | Jul 20, 2015 | Events, Film, Transmissive, Video

Over 80 individuals from all over the world attended our Film Scanning webinar on May 27th, 2015. By popular demand we've posted the entirety of that webinar as a recording.

## IS&T Wrap-up and Batch Crop Manipulation Utility

by Doug Peterson | Jul 15, 2015 | Cultural Heritage News

IS&T Wrap Up The Society for Imaging Science and Technology Archiving conference was held in Los Angeles at The Getty Center during the week of May 18th. Digital Transitions Division of Cultural Heritage was there in force. In addition to hosting the cocktail hour...

## Phase One XF: First Look

by Doug Peterson | Jul 1, 2015 | Products

Today Phase One and Digital Transitions are proud to announce the long awaited next generation camera body, the XF Camera System. This system has been in development for years and finally gives Phase One total control over the entire platform; lens, body and the new...

## Getty Research Institute Capture One CH Training

by Doug Peterson | May 14, 2015 | Capture One CH, Events

Last month we were pleased to host a training event at the Getty Research Institute (GRI) in Los Angeles, California, for the digitization team. The focus was Capture One Cultural Heritage Edition and workflows surrounding our Cultural Heritage Digitization product...

## Road Diary – A Sunny Week with the A Series

by Doug Peterson | May 13, 2015 | Products

Color. So much color! And where is all that light coming from? Exiting the airport after a JFK to LAX mid-winter flight is like the scene in *The Wizard of Oz* where Dorothy steps out of sepia monotony into a world of vivid technicolor. After testing the Phase One A...
